### STATE OF MISSISSIPPI

The Mississippi Insurance Department (MID) continues moving forward to provide a healthy insurance market and to be an advocate for the consumers of this state. Our goal is to create the highest degree of economic security, quality of life, public safety and fire protection for the state's citizens at the lowest possible cost. This is accomplished through a variety of initiatives including the regulation of the insurance and liquefied compressed gas industries and development of statewide fire services.

The MID licenses and monitors the activities of more than 131,000 licensees, including 96,922 insurance producers, 3,730 surplus lines brokers, 1,557 bail bond agents, 7,515 Insurance Producer Entities, 76 MGAs and 302 TPAs. There are over 360,000 active certificates of authority. Additionally, in 2016 the MID handled 107 administrative licensure matters in which the department imposed fines and penalties against insurance producers totaling \$33,000. The Investigations and Consumer Protection Division assisted in obtaining over \$101,655 in premium refunds for consumers and investigated over 600 complaints.

The MID once again received its accreditation by the National Association of Insurance Commissioners (NAIC) for another five-year term. The Financial and Market Regulation Division monitored the financial solvency of 2,279 companies with over \$13.5 billion in premiums written in Mississippi. The division collected \$1.4 million in filing fees, analyzed 464 domestic company filings, and commenced 13 examinations. The division also managed \$37.8 million in pledged securities, participated in 5 multi-state collaborative actions and assessed the financial condition and operations of 86 companies that applied for a license to operate in Mississippi.

There were 2,681 Life & Health form filings reviewed and processed through the automated NAIC System for Electronic Rate and Form Filing (SERFF) in 2016. The Property and Casualty Rating Division closed 3,900 electronic filings through SERFF from January 1, 2016, through December 31, 2016. Various extraneous regulated lines continue to file using paper format, however, the number for 2016 was less than 1% of all filings. All paper filings are entered into the SERFF system and maintained in an electronic format eliminating paper copies. Certain Property and Casualty Rate and Form Filings are available for public review following implementation of the SERFF Filing Access program in 2015.

Our Consumer Services Division received and processed in excess of 16,345 telephone calls and requests for assistance in 2016. In addition, 1,790 formal written complaints were handled resulting in over \$3,100,000 in additional funds being paid to policyholders.

During 2016, the MID returned \$39,769,720 in revenues from surplus lines and privilege license fees to the state's general fund. Admitted company premium tax collected by the Department of Revenue totaled \$310,545,751. House Bill 2362 passed in the 2016 Legislative Session which transferred funds collected by MID into the state general fund.

## EXECUTIVE SUMMARY (Continued)

MID's new and existing programs continue to see great success in bringing available and affordable insurance to all Mississippians.

Health insurance continued to be a major focus of work for MID in 2016. In actuality, the ACA brought MID a much larger role in health insurance than it has had before. The department works diligently to stay abreast of the law and its requirements.

The passage of Senate Bill 2664, served to establish an online database that tracks every bail bond an agent writes in the state. The database was launched in October 2016, and was a major accomplishment in efforts to bring accountability to a Mississippi industry that is beset by a lack of regulation.

While fulfilling the stated goals of the Mississippi Insurance Department's mission, unforeseen disasters continued to impact the duties of the MID during 2016. MID staff and Deputy State Fire Marshals responded quickly and efficiently during these events to assist Mississippians as well as consumers in surrounding states.

Torrential rains led to significant flooding in the state in March 2016. Mississippi Insurance Department employees and State Fire Marshals provided whatever assistance they could to flood victims. This included helping those who suffered losses identify insurance carriers, making contact with them, and doing whatever was necessary to start these homeowners and residents on the path to recovery. The MID requested and was granted by the Federal Emergency Management Agency (FEMA) an extension that allowed flood victims extra time to file their claims.

In 2016, the Elevator and Building Safety Division verified 3,147 inspections completed by inspectors licensed by the state and issued 27 elevator contractor licenses, 46 elevator inspector licenses, and 237 elevator mechanic licenses. The division collected \$156,080 in license, permit, and inspection fees.

Twelve new bulletins were issued in 2016 addressing the following: company appointment renewals, compliance standards for the sale of burglar bars, clarification on how and when employees must be counted for the purpose of determining group health plan size, implementation of the date change for Mississippi small group composite rating methodology, form and rate filing deadline extension, Small Business Health Options Program marketplace, rate filing guidance for individual, small group, and stand-alone dental plans in Mississippi, compliance with the Mississippi Vehicle Insurance Verification System, administrative licenses to be issued via electronic mail, compliance with the electronic bondsmen registry and bail bond database, and changes to insurance adjuster and public adjuster licensing requirements.

There were a number of bills relevant to the Mississippi Insurance Department and the State Fire Marshal's Office and signed into law after the 2016 session of the Mississippi Legislature. These bills addressed the following issues:

1. Motor Vehicle Safety-Responsibility Act requiring a Certificate of Insurance be provided to DPS for reinstatement of driver's license suspended under the implied consent laws
2. Revise provisions of the law regarding the time for which an assignment must be honored
3. Revise eligibility of coverage and clarifies when enrollment may be closed for the Comprehensive Health Insurance Risk Pool,

## EXECUTIVE SUMMARY (Continued)

4. Require the Commissioner of Insurance to issue licenses and regulate Transportation Network Companies (TNC), i.e. UBER/LYFT
5. Change the risk-based capital requirements of a company action level event for a life and/or health insurer
6. Bail Bond Industry Transparency and Accountability Act
7. Authority to enjoin an insurance licensee from unlawful activities and to take action against nonresident insurance producers licensed in Mississippi whose license is denied, suspended or revoked in their home state
8. Revise insurance adjuster privilege tax, education requirements, license period, and continuing education requirements
9. Define causes of death covered under the Public Safety Officers Benefit Act of 1976 or the Hometown Heroes Survivors Benefits Act of 2003 and revise cause of death language for the Law Enforcement Officers Death Benefits Trust Fund
10. Revise Fire Protection Districts manner of increasing special taxes
11. Mississippi Budget Simplification and Transparency Act of 2016.

The Mississippi State Fire Marshal's Office continued diligent efforts to reduce fire deaths in the state. There were a total of 55 fire deaths in Mississippi in 2016. In a partnership with Vision 20/20, a national project that is dedicated to providing national strategies in fire prevention across the country, the State Fire Marshal's Office distributed over 3,000 smoke alarms to fire departments throughout the state for distribution to property owners. Since 2009, Mississippi's fire death rate has been reduced by over 35%.

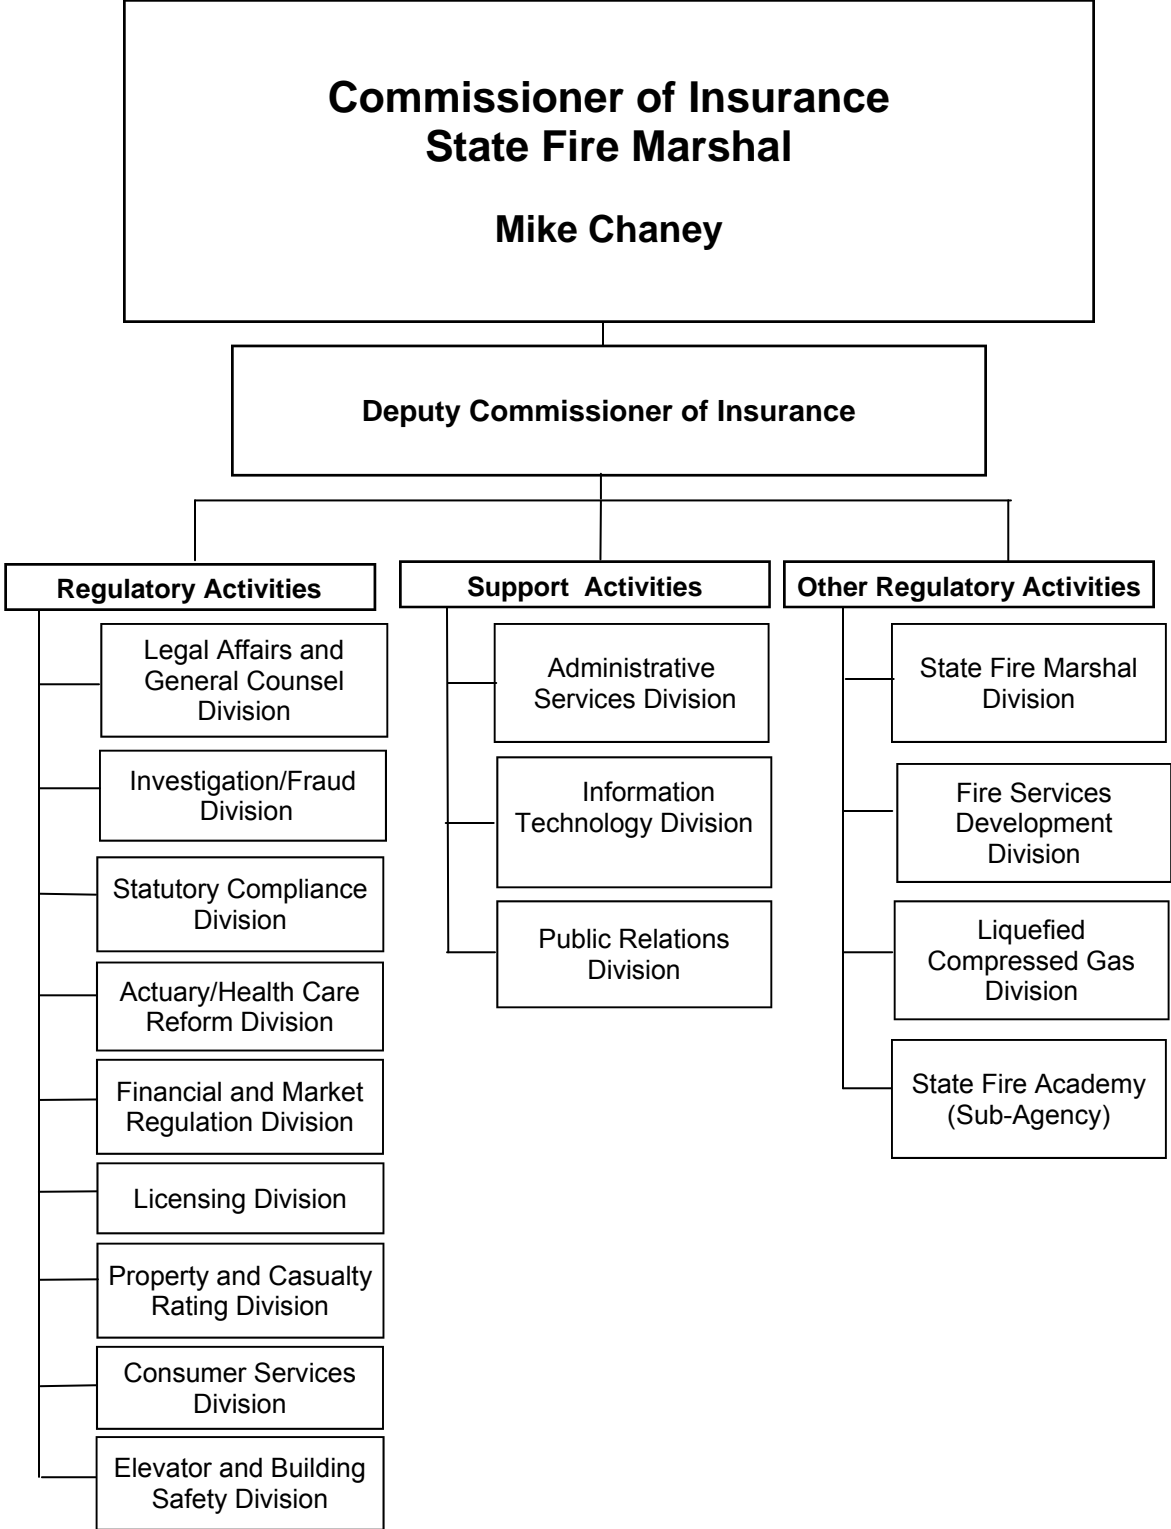

The MID/State Fire Marshal Fire Services Development Division oversees the accountability and distribution of state fire funds to counties and municipalities. In 2016, the Fire Services Division received and processed 2,000 compliance documents to support the issuance of state fire rebate funds. It disbursed \$19.6 million in rebate funds to counties and municipalities that met the compliance requirements. Before fire departments are eligible to receive rebate funds, they are required to report all fire incidents in the state incident reporting system which is administered by the division. Fire departments reported 189,320 incidents in 2016. The Rural Fire Truck Acquisition Assistance Program (RFTAAP) dispersed \$1.5 million, and the Supplemental Rural Fire Truck Acquisition Assistance Program dispersed \$350,000, in appropriated funds in 2016.

Other significant accomplishments for the Mississippi State Fire Marshal's Office in 2016 included assuming arson investigation duties for forest fires for the Mississippi State Forestry Commission and establishing a telemedicine medical health plan for volunteer firefighters across the state. (The volunteer firefighter telemedicine program ended following a lack of funding and the passage of House Bill 2362.)

The Mississippi State Fire Academy trained 15,312 students statewide during 2016. The academy delivered courses to career, volunteer, and industrial firefighters from across the state, nation, and the world. Improvements and additions to the academy continue.

Commissioner Mike Chaney was sworn in for his third term as Mississippi's Insurance Commissioner in January 2016. Key issues for the coming year, 2017, remain health care, flood insurance and reducing fire deaths.
