License #	NAIC Group #	NAIC #	FEETS #	MATS#

This examination was commenced in accordance with Miss. Code Ann. §83-5-201 *et seq.* and was performed in Jackson, Mississippi, at the statutory home office of the Company. The report of examination is herewith submitted.

SCOPE OF EXAMINATION

We have performed our full-scope financial examination of Mississippi Farm Bureau Casualty Insurance Company (“MFBCIC” or “Company”). The last examination covered the period of January 1, 2008 through December 31, 2010. This examination covers the period of January 1, 2011 through December 31, 2015.

We conducted our examination in accordance with the National Association of Insurance Commissioners (“NAIC”) *Financial Condition Examiners Handbook* (“Handbook”). The Handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer’s surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management’s compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company’s financial statements.

This examination report includes significant findings of fact, as mentioned in the Miss. Code Ann. §83-5-201 and general information about the insurer and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but separately communicated to other regulators and/or the Company.

COMMENTS AND RECOMMENDATIONS OF PREVIOUS EXAMINATION

There were no comments and/or recommendations made by the Mississippi Insurance Department (“MID”) examination team in the previous examination report, which covered the period from January 1, 2008 through December 31, 2010.

HISTORY OF THE COMPANY

On May 19, 1986, the Company was formed under the laws of the State of Mississippi as a wholly owned subsidiary of Southern Farm Bureau Casualty Insurance Company (“SFBCIC”).

The Company commenced business on September 1, 1986, and was capitalized through the sale of 12,000 shares of stock to its parent company. In order to meet capital and surplus

requirements in other states where the Company wrote business on a surplus lines basis, further capital contributions of \$500,000 in 1986, \$2,870,000 in 1989, \$3,000,000 in 1990 and \$4,965,000 in 1991 were made by SFBCIC.

As a result of Gulf Coast hurricanes in August and September of 2005, SFBCIC entered into a financial assistance plan developed to protect the trade name of SFBCIC and its affiliates in the states in which it does business. The Company received \$67,000,000 in additional capital from SFBCIC and used \$25,000,000 of this cash contribution to purchase the renewal rights from Mississippi Farm Bureau Mutual Insurance Company (“MS Mutual”) on November 25, 2005. Under this agreement, MFBCIC acquired the opportunity to offer coverage to the policyholders of MS Mutual at the Company’s discretion.

On April 19, 2006, the Company issued a \$25,000,000 surplus note to its parent and a \$25,000,000 surplus note to Southern Farm Bureau Life Insurance Company (“SFBLIC”). The notes are for a term of twenty years and interest accrues on the unpaid principal amount at a rate equal to the interest payable on twenty year U.S. Treasury Bonds as of the date of the notes. The interest rate is adjusted every second anniversary date of the notes to the then current interest rate payable on twenty year U.S. Treasury Bonds. Effective April 19, 2014, the interest rate was 3.27%. Interest is due on the first anniversary date of the note, and annually thereafter. Interest and principal payments are subject to the approval of the MID and no interest accrual is necessary until approved. On March 19, 2015, the Company made a \$5,000,000 payment on the outstanding principal balance of the \$25,000,000 surplus note issued to SFBLIC. Accrued interest in the amount of \$149,614 was also paid.

On February 12, 2007, the Company issued a \$4,000,000 surplus note to Mississippi Farm Bureau Federation (“Mississippi Federation”) for a term of 20 years with a fixed annual interest rate of 5.00%. On October 17, 2013, the Company paid in full the \$4,000,000 surplus note, and accrued interest in the amount of \$135,451 was paid.

Effective February 3, 2015, the shareholders of SFBCIC reorganized the corporate structure whereby a new holding company, Southern Casualty Holding Company (“SCHC”), was formed. The shareholders exchanged their current shares of SFBCIC for new shares in SCHC of the same class and number. SCHC was owned by six Farm Bureau investment/holding corporations, which were owned/controlled by the Farm Bureau federations/organizations in the states of Arkansas, Colorado, Florida, Louisiana, Mississippi, and South Carolina.

CORPORATE RECORDS

The Articles of Incorporation, Bylaws and amendments thereto were reviewed and duly applied in other sections of this report where appropriate. Minutes of the meetings of the Stockholders, Board of Directors (“Board”) and various committees, as recorded during the period covered by this examination, were reviewed and appeared to be complete and in order with regard to actions brought up at the meetings for deliberation and appropriate action, which included the approval

and support of the Company's transactions and events, as well as the review of the audit and examination report.

MANAGEMENT AND CONTROL

Stockholders

As of December 31, 2015, the Company had 20,000 shares of \$100 par value common stock authorized with 12,000 shares issued and outstanding. SFBCIC owned 100% of the shares issued and outstanding. No dividends were paid to the stockholder during the examination period.

Board of Directors

The Articles of Incorporation and Bylaws vest the management and control of the Company's business affairs with the Board. The Company's Board was comprised of six members, all of whom were Presidents of the State Farm Bureaus in Arkansas, Colorado, Florida, Louisiana, Mississippi, and South Carolina. Organizational Chart

The organizational chart below displays the identities of the members of the holding company structure that included the Company, and is followed by a brief description of SFBCIC’s other subsidiaries and interests.

SCHC was reported as the ultimate controlling person in the Holding Company Registration Statement filed with the MID as of December 31, 2015. SCHC was formed in 2015 for the sole purpose of holding all of the voting stock of SFBCIC, the lead insurer in the group.

Southern Farm Bureau Casualty Insurance Company (“SFBCIC”) was incorporated on September 25, 1947, under the laws of the State of Mississippi and was the lead insurer in the group. SFBCIC was primarily a personal lines writer operating in six states through decentralized operations with an emphasis on automobile and other than automobile liability lines of business.

Below is a description of SFBCIC’s wholly owned subsidiaries at December 31, 2015:

Southern Farm Bureau Brokerage Company (“SFBBC”), a noninsurance company, was formed primarily for conducting certain investment and reinsurance brokerage activities. The company did not invest on behalf of SFBCIC but in its own name. No cross guarantees with the parent exist for any of the activity of this company. Rural Insurance Agency, a wholly owned subsidiary of SFBBC, was a noninsurance company brokerage operation that provided an outlet for placing business for customers in Mississippi which its affiliates, SFBCIC and MFBCIC, did

not wish to write. SFBBC also owned 33% of the membership interest of Highland Colony Land Company, LLC, 33% of the membership interest of Grants Ferry Parkway, LLC, and 50% of the partnership interest of Venture Properties, all of which were non-insurance companies.

Southern Farm Bureau Property Insurance Company (“SFBPIC”) was formed in 1994 as a wholly owned subsidiary of SFBCIC to write property and casualty reinsurance for associated Farm Bureau companies in the Southeastern United States. Effective January 1, 2007, SFBPIC no longer conducted any active underwriting activities and essentially became inactive. The sole reinsurance activities consisted of runoff associated with reinsurance contracts entered into and terminated prior to January 1, 2007. No new contracts have been executed subsequent to January 1, 2007.

Louisiana Farm Bureau Casualty Insurance Company (“LFBCIC”) was incorporated on February 16, 1981, under the laws of the State of Louisiana, and its principal business was providing casualty insurance coverage (principally automobile) and processing claims in the State of Louisiana.

Florida Farm Bureau Casualty Insurance Company (“FFBCIC”) was incorporated in Florida on April 16, 1974, under the laws of the State of Florida. Its principal business, in association with its wholly owned subsidiary, Florida Farm Bureau General Insurance Company, was providing casualty insurance coverage (principally automobile, property and general liability) in the State of Florida. FFBCIC was also the parent of Florida Farm Bureau Agency, Inc., a noninsurance company brokerage operation that provided an outlet for placing business for customers in Florida which its parent did not wish to write.

Mississippi Farm Bureau Casualty Insurance Company (“MFBCIC”) was incorporated on May 19, 1986, under the laws of the State of Mississippi, and its principal business was providing casualty insurance coverage (principally automobile and homeowner) and property coverage in the State of Mississippi. Also, the Company was an authorized surplus lines writer in various other states. For more information, see the History of the Company section of this report.

Arkansas Farm Bureau Casualty Insurance Company (“AFBCIC”) was incorporated on February 6, 2004, under the laws of the State of Arkansas and its principal business purpose was providing casualty insurance in the State of Arkansas. At the report date, this company was inactive.

South Carolina Farm Bureau Insurance Company (“SCFBIC”) was incorporated on February 11, 2011, under the laws of the State of South Carolina to provide casualty insurance, primarily private passenger automobile. Effective April 1, 2014, SFBCIC purchased 100% of the company’s outstanding common stock from South Carolina Farm Bureau Mutual Insurance Company. SCFBIC began writing business during 2015.

- The Company had an expense allocation agreement with SFBCIC in which certain home office expenses were allocated to MFBCIC each month. The total expense allocated to the Company for 2015 was \$1,863,092.
- The Company had a joint expense allocation agreement with SFBCIC. Joint expenses allocated under this agreement were those expenses which were for the mutual benefit of both the Company and SFBCIC. In particular, the Company maintained directors and officers coverage, professional liability coverage, electronic and computer crime coverage, and fidelity coverage. The Company had a financial institution bond with a \$5,000,000 single loss limit of liability which exceeded the NAIC’s suggested minimum amount for fidelity coverage.

MORTALITY AND LOSS EXPERIENCE

The MID contracted with Merlino & Associates, Inc. to review the actuarial analysis supporting the Company's carried loss and loss adjustment expense reserves. Based on the examination actuarial evaluation, the Company's estimates for gross and net unpaid loss and loss adjustment expenses appeared to be reasonably stated in all material respects.

REINSURANCE

The Company limited the maximum net loss that can arise from large risks or risks in concentrated areas of exposure by reinsuring (ceding) certain levels of risks with other insurers or reinsurers, either on an automatic basis, under general reinsurance contracts known as "treaties", or by negotiation for substantial individual risks. The Company maintained various

forms of reinsurance on essentially all lines. Ceded reinsurance was treated as the risk and liability of the assuming companies.

The liabilities for unearned premiums and for losses and loss adjustment expenses at December 31, 2015, were increased for reinsurance assumed and reduced for reinsurance ceded of approximately \$166,002,000 for amounts ceded to assuming companies. These amounts ceded would represent a liability of the Company if the reinsurers were unable to meet their obligation for existing unpaid losses ceded under reinsurance agreements.

At the examination date, the principle reinsurers and respective premium amounts ceded and total amounts recoverable at December 31, 2015, were as follows:

	Ceded Premiums	Recoverable
Southern Farm Bureau Casualty Insurance Company	\$ 212,768,000	\$ 160,968,000
American Agricultural Insurance	\$ 15,603,000	\$ 3,341,000

Historically, the Company's reinsurance program has been to cede all casualty business to its parent and retain the property exposure net of other reinsurance. At December 31, 2015, the Company ceded 100% of direct written premium for automobile policies, farm liability, flood policies, and other general liability policies written by MFBCIC to its parent. The Company also ceded the ultimate net loss ("UNL") for Section II Liability in excess of \$750,000 attributable to any one loss event. Section II Liability (also referred to as excess casualty) was the portion of the general liability coverage provided in a package policy that also offers property insurance. In addition, the Company ceded 100% of the umbrella premiums and exposure to SFBCIC, net of facultative and other inuring reinsurance.

For the Company's personal property lines, MFBCIC had a property surplus share treaty in which a portion of the Company's premiums and losses was ceded to the reinsurer above the risk retention amount.

	Risk Retention	Primary Occurrence Limit	Maximum Treaty Amount
Property Surplus Share	\$ 500,000	\$ 6,000,000	\$ 40,000,000

For the commercial property lines, MFBCIC had a property per risk excess and property per risk coded excess of loss treaty in which the Company was reimbursed on an excess of loss basis for its share of each loss, each risk and each occurrence.

	Loss Retention	Limit of Liability	Per Risk Limit
Property Per Risk	\$ 350,000	\$ 1,650,000	\$ 2,000,000
Coded Excess	\$ 2,000,000	\$ 18,000,000	\$ 20,000,000

The Company had the following property catastrophe reinsurance agreements in place at December 31, 2015:

- An occurrence property catastrophe reinsurance agreement which reimbursed MFBCIC on an excess of loss basis for its share of the amount of the UNL that was paid as a result of any one occurrence.
- A property catastrophe first, second and third excess of loss reinsurance agreement with several reinsurers. For each excess layer, the Company retained the first UNL arising out of each loss occurrence, with the excess ceded to the reinsurers, subject to a limit of liability to the reinsurers.
- A property catastrophe high excess of loss reinsurance agreement with several reinsurers by which the Company retained the first UNL arising out of each loss occurrence with the excess ceded to the reinsurers, subject to a limit of liability to the reinsurers.
- An over other protections reinsurance agreement which reimbursed the Company on an excess of loss basis for its share of the amount of the UNL that was paid as a result of any one occurrence.

	Loss Retention	Per Occurrence Limit	Term Limit
Occurrence Property Catastrophe – Layer 1	\$ 14,000,000	\$ 10,000,000	\$ 30,000,000
First Excess	\$ 24,000,000	\$ 20,000,000	\$ 60,000,000
