

# ProducerEDGE™

## Brought to you by the Mississippi Insurance Department, powered by Sircon.

Now available at [www.produceredge.com/mississippi](http://www.produceredge.com/mississippi)

### Insurance Compliance Just Got Personal

ProducerEDGE is the industry's most powerful, personalized view of insurance compliance, made specifically for producers managing their own licensing, education, and renewals. ProducerEDGE provides need-to-know information in an easy-to-access, understandable format so you can focus on what you do best – servicing your clients. Best of all, ProducerEDGE is FREE.

### Career Critical Information, Available At-A-Glance

ProducerEDGE helps you keep track of all of your licenses, renewal dates, related lines of authority, CE information, and more, in one convenient, dashboard-style online location. It provides unique, direct access to trusted licensing information, through a direct connection with the National Producer Database (PDB). This connection ensures that the important information you rely on (like renewal dates and line of authority expirations) is supplied by the states themselves. ProducerEDGE goes the extra mile by providing you convenient email reminders when your licenses approach expiration, and when an application changes status with the state. These are just a few of the convenient features that will keep you

off of HOLD with your Department, and on the phone with your clients.

From a single web browser, you can easily perform the following necessary administrative tasks, and easily help ensure your own compliance.

### With ProducerEDGE, you can easily:

Register for a FREE ProducerEDGE account in less than a minute

View your need-to-know licensing, CE, and renewal information in a convenient dashboard style

Connect directly with on-file state producer data via the PDB

Benefit from free monitoring that notifies you when changes to your licenses occur

Instantly complete time-sensitive licensing tasks

Benefit from automatic license renewal and status update reminders

Access Quick Links to instantly :

- Apply for a license
- Renew your license
- Print a copy of your license
- Determine where you are licensed

View a history of your recent requests

Conveniently and securely maintain an account for safe and easy processing, again and again

## Only ProducerEDGE

By now, you've heard the old adage, "garbage in, garbage out", and know that the data you rely on is only as good as the data originally entered. The same is true for your insurance licensing and compliance information. That's why ProducerEDGE includes one-click access to the states, so that you can import trusted licensing data quickly and easily.

ProducerEDGE is the only personal compliance management service that gives individual producers access to their information, straight from the PDB. By providing a link to "Load Your Licenses from the States", you can instantly import your licensing and line of authority data, ensuring fewer processing delays, fewer requests to your department for additional information, and less risk of license lapse.

## My Licenses

### Displays each license you hold

My Licenses displays license numbers, license types, lines of authority, and expirations from one convenient location. It provides two ways to enter licensing information; you can:

**Load your license information directly from the states**, by way of connecting directly with the PDB and importing your licensing and line of authority information, with just one click

**Enter your licensing information manually**, which gives you a convenient way to track information not supplied by the states, or non-insurance license information

The screenshot shows a web interface titled "My Licenses". At the top, there is a green notification box with a checkmark icon and the text: "Your licensing information is up to date and has been synchronized with the states." Below this, the section "Licenses loaded from the states" is displayed, with a sub-header "Last loaded on 04-22-2010". The main content is a table with the following columns: State, License Type, License Number, Expiration Date, and Status. The table lists four licenses: GA Agent-Resident (673675, expires 12-31-2010, Active), AK PRODUCER - COMPLIANCE OFFICER (1007510, expires 12-08-2010, Active), AL Producer (0101864, expires 12-31-2010, Active), and AL Producer (12694, expires 12-31-2010, Active). Below the license table, there is a section for "Line of Authority" with columns: Line of Authority, Issue Date, Status, Reason, and Status Date. It lists three entries: Accident & Health or Sickness (03-18-1991, Active, 10-20-2008), Life (11-10-1989, Active, 10-20-2008), and VAR LIFE & VAR ANNUITY PRODUCT (11-10-1989, Active, 10-20-2008).

State	License Type	License Number	Expiration Date	Status
GA	Agent-Resident	673675	12-31-2010	Active
AK	PRODUCER - COMPLIANCE OFFICER	1007510	12-08-2010	Active
AL	Producer	0101864	12-31-2010	Active
AL	Producer	12694	12-31-2010	Active

Line of Authority	Issue Date	Status	Reason	Status Date
Accident & Health or Sickness	03-18-1991	Active		10-20-2008
Life	11-10-1989	Active		10-20-2008
VAR LIFE & VAR ANNUITY PRODUCT	11-10-1989	Active		10-20-2008

## My Education

### Tracks individual Continuing Education course completions against requirements.\*

Complete compliance summaries provide at-a-glance status information, immediately informing you on whether you are compliant and able to sell in each state in which you are licensed.

## Quick Links

**Provide instant access to important compliance services.** Accessing licensing services in every state has never been easier. From one location, you can apply for and renew their licenses, as well as access letters of certification and print their licenses, where available.

## My Reminders

### Automatic renewal reminders and status update notifications.

Help keep you organized and legal to sell with system-generated email reminders indicating when your licenses are approaching expiration and when your license application or renewal status has changed with the state.

\* Education tracking available in CO, CT, GA, ID, IN, MN, MS, NV, OK, PA, SD, TX, UT, VT, VA, WI, and WY
