New Inspection Forms

New inspection forms for elevators and escalators have been put on our web site and need to be used starting now. Any inspections already done on the old forms do not have to be copied to the new forms. Simply mail them in just as you have been doing. In the near future we will give you an email address to send the signed inspection reports to. These new forms are fillable pdf's that you should be able to download to your tablet and then save to a file to email them in. This is a work in progress so let me know if you run into any problems.

If you have any Questions give me a call

Gary Brewer
Division of Elevator Safety
