## **Memorial Day - May 30, 2016**

On Memorial Day, we honor and pay respects to those courageous men and women of our nation's military who have made the ultimate sacrifice while protecting the United States. We salute them for their bravery and sacrifice, not only on this designated day of honor, but every day. For those they left behind, know that we will not forget your loved ones and will never take for granted the freedoms they fought to preserve. Their sacrifice will never be in vain.
